

# HURON VALLEY PROMISE MISSION

The goal of the Huron Valley Promise is to provide a framework of active community support for the students of the Huron Valley Schools to be prepared to continue a post-secondary education academically, financially and psychologically. In turn this will provide a system of financial support for incentives that encourage students to consider post-secondary education in the skilled trades, community college or university.

## WHY DO STUDENTS NEED TO CONTINUE EDUCATION?

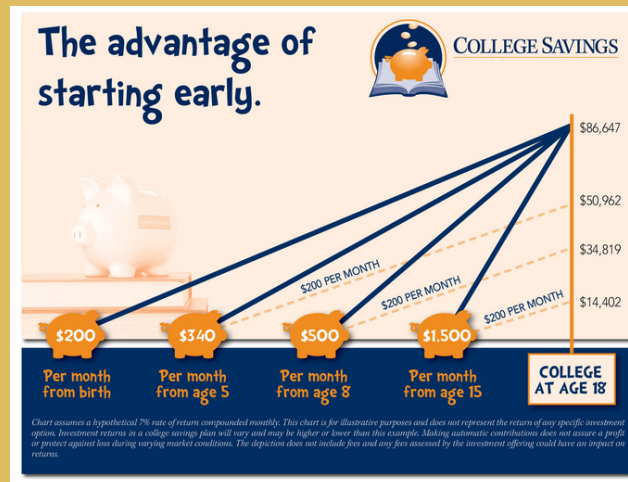

Continued education is critical to meet the demands of our global economy and to meet the likelihood of several career changes in a lifetime. Research shows the amount of education a person attains is directly related to their earning potential. Post secondary education includes a skilled trade or vocational school, community college or university.

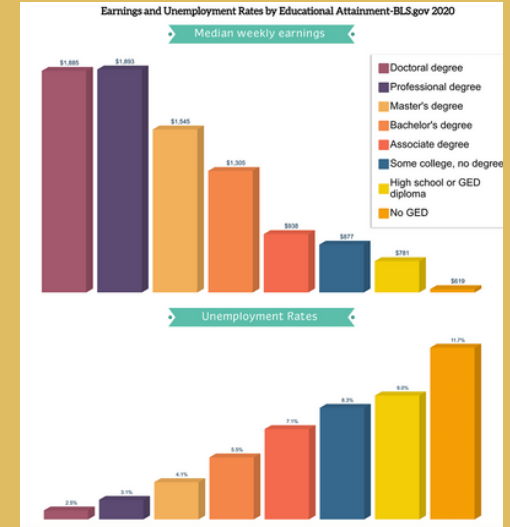

## WHAT IS THE HURON VALLEY PROMISE GRANT?

Open a **new** MESP account with an initial investment of \$25 or more for a child enrolled in Huron Valley School's kindergarten and receive a one time \$100 grant to begin a college savings plan for their future. With the power of compounding interest, even a small investment made for a kindergarten student can grow into a larger fund for their post secondary schooling. Continued contribution to the child's account will increase the money over time. In addition, friends and relatives can contribute gifts to increase the fund! **Grants are limited to the first 10 applications.**

## THE ADVANTAGE OF STARTING EARLY

## UNEMPLOYMENT BASED ON EDUCATION
